Dear Sirs

Re: **PETITION FOR REVIVAL OF APPLICATION**
**Application No: 10/685,958**

Pursuant to 37 C.F.R 1.137(b), the Applicant of the abovementioned application requests to revive the application. The application became abandoned following failure to file a timely reply to the Notice to File Missing Parts of Non-Provisional Application dated 2 May 2007.

The delay in filing the declaration was unintentional for the reasons set out below.

We contacted Mr Nery Strasman, the inventor, on several occasions to notify him of the Notice to File Missing Parts and that he and his co-inventor, Lior Assouline, were required to take urgent action to sign and return the declaration to our office. Our records indicate that Mr Strasman was emailed by our office on 28 August 2007, 20 December 2007 and 27 December 2007. We did not receive the completed declaration from the inventors for some time after the date it was signed by them thereby accounting for the further delay.

The petition filing fee of $1540.00, a "Petition for Revival of an Application for Patent Abandoned Unintentionally Under 37 CFR 1.137(b)" and the declaration are attached herewith.

If you have any further questions regarding this petition, please contact me on the details provided above.

Respectfully submitted,

Date: 9 April 2008 /Oren Reches/
